

Orion Kendrick

orionkendrick@gmail.com

(662) 251-5123

Strengths

- Developing and structuring code for readability and functionality
- Programming or scripting in C++, Java, Python, SQL, and BASH
- Handling high-stress situations and completing work
- Leading a team of people effectively
- Using a command line to complete tasks efficiently
- Working with all popular operating systems, including Windows, Linux, and Mac OS
- Enforcing or complying with all OSHA regulations within a workplace

Work Experience

VEX Robotics Team

- Worked with others in designing and constructing a robot
- Wrote code for the robot's controls and autonomous functions
- Created a system to change controls and functions based on the robot's positioning

Golden Triangle Comic-Con Staff

- Gained experience in handling transactions
- Informed and directed customers and visitors
- Collaborated with a team to troubleshoot and resolve technical issues
- Enforced security and checked access via wristbands

School Projects

- Rust – Several projects have allowed me to gain experience in Rust
- Book Store – As a team, we developed a command-line interface which used both Python and SQLite to emulate a book store. Available on my GitHub page.

Education

Academic Achievements

- ACT Composite Score of 27
- Inducted into National Honors Society and Beta Club

College

- Graduated from East Mississippi Community College in 2021
- Associate of Applied Science Degree in Cybersecurity
- A+ certification
- Currently attending Mississippi State University, graduating May 2023
